On-The-Go Bamboo Toothbrush

Traveling with a toothbrush can be a hassle. Where should you pack it? How do you keep it dry? And what if it falls on the bathroom floor? The On-the-Go Bamboo Toothbrush solves all these problems with a compact, easy-to-use design and a built-in carrying case. The full-size On-the-Go Bamboo Toothbrush has two pieces: a brush and a hollow handle.

When you're done brushing your teeth, simply pop the brush off the handle. Flip it upside down and the handle becomes a convenient, secure carrying case. Plus, since the eco-friendly bamboo cover naturally absorbs water and bacteria, your toothbrush will stay clean and dry throughout your journey.

FOREST, PRESERVE

FIRST LOOK ventures into the woods in search of hearty hues, captivating light effects, and mindful rejuvenation. The result is FOREST, PRESERVE, a reverential, grounded, and multisensory display of neutrals, fresh fragrances, and simplicity. Colors that recall the dimly lit forest floor dominate — think nutty browns, flinty stone, vermilion reds, and subtleties such as mycelium, lichen, mushroom, and bark. Meanwhile, bronze, brass, and gold metal finishes emit a comforting glow. FOREST, PRESERVE honors renewal and growth, and at the same time calls attention to our planet's fragile, vulnerable ecosystems.
